## Annual Meeting Process Begins with By-Laws Summary

**Requirements for Membership:** Any person, firm, corporation, or body politic or subdivision thereof will become a member of Roosevelt County Electric Cooperative, Inc., (hereinafter called “cooperative”) upon receipt of electric service from the cooperative, provided that he/she or it has first:

1. Made a written application for membership therein
2. Agreed to purchase from the cooperative electric energy as hereinafter specified
3. Agreed to comply with and be bound by Articles of Incorporation and bylaws of the cooperative and any rules and regulations adopted by the Board of Trustees and
4. Paid the deposits/fees hereinafter specified.

No member may hold more than one membership in the cooperative, and no membership in the cooperative shall be transferable, except as provided by these bylaws.

**Annual Meeting:** The annual meeting of the members shall be held during the month of April of each year at such place in Roosevelt County, New Mexico, as selected by the Board of Trustees and which shall be designated in the notice of the meeting for the purpose of electing trustees, passing upon reports for the previous fiscal year and transacting such other business as may come before the meeting. It shall be the responsibility of the Board of Trustees to make adequate plans and preparations for the Annual Meeting. In the event of an Emergency, Pandemic or other Force Majeure, the meeting may be held in accordance with Section 3.08 herein. Failure to hold the Annual Meeting at the designated time and place shall not work a forfeiture or dissolution of the cooperative.

**Trustee Qualifications:** No person shall be eligible to become or remain a trustee of the cooperative who:

1. Is not a member and bona fide resident in the zone he represents in the area served or to be served by the cooperative.
2. Is in any way employed by or financially interested in a competing enterprise or a

business selling electric energy, or supplies to the cooperative, or a business primarily engaged in selling electrical or plumbing appliances, fixtures or supplies to members of the cooperative

3. Has been an employee of the cooperative during the preceding three (3) years. Upon establishment of the fact that a trustee is holding the office in violation of any of the foregoing provisions, the Board of Trustees shall remove such trustee from office. Nothing contained in this section shall affect in any manner whatsoever the validity of any action taken at any meeting of the Board of Trustees.

**Nominations:** The nominating committee elected by the members at the preceding Annual Meeting shall prepare and post at the cooperative office at least 30 days prior to the date of the Annual Meeting at which trustees are to be elected, a list of nominations for trustees to be elected, listing separately the nominee from each trustee district to be elected at the meeting. The committee shall include at least two candidates for each trustee to be elected to succeed the trustee whose term expires at the Annual Meeting; but any fifteen (15) or more members acting by petition not less than 50 days prior to the Annual Meeting and a list of such nominations shall be posted at the place where the list of nominations made by the committee is posted. The secretary shall be responsible for mailing with the notice of the meeting, or separately but at least 10 days before the date of the meeting a statement of the number of trustees to be elected from which zones to be elected and the name of the candidates, specifying separately the nominations made by the committee on nominations and the nominations made by petition if any. Nothing contained herein, however shall prevent additional nominations from the floor of the meeting of the members. Notwithstanding anything contained in this section... **Cont.**

## TIPS FOR CONSERVING YOUR ENERGY

### QUICK FACTS....

- The average house uses 38 percent of its total annual energy use on heating.
- When a house is occupied, the thermostat should be set at 65 to 68 degrees F for heating and 78 to 82 degrees cooling for maximum energy efficiency.
- Install a central air conditioning system only when the whole house air conditioning is needed.
- Replace aging appliances with newer energy efficient models.

The average house uses energy for the following tasks (with percent of annual energy use noted).

- Heating/Cooling - 38 percent
- Hot Water - 19 percent
- Major Appliances - 21 percent
- Other Appliances - 15 percent
- Lighting - 7 percent

As you develop your home energy conservation plan, the first task is to identify problem areas. The above list of household energy uses suggests a place to start. The higher energy uses (i.e., heating & cooling) have the greatest potential for savings.
